

December 26, 2018

It is with mixed emotions that I am informing our patients of my decision to leave The Bowen Center for Women's Health. I have absolutely loved my fourteen years at this practice and my decision is in no way a reflection of the patients I serve or the staff that I have had the privilege to work with. I am leaving as a result of an opportunity to pursue a different type of nursing career.

I will be working with Dr. NeeOo Chin, who is a Reproductive Endocrinologist. This change will be effective January 14, 2019. This is an opportunity that will still allow me to continue take care of patients but in a different capacity.

It has been my pleasure to take care of each one of you. I have learned as much from you as you have from me. Thank you for helping me be a better person and Nurse Practitioner. The Bowen Center will always be a special place for myself and my family. Dr. Bowen has been an incredible teacher, colleague and friend and has helped to make me a better professional. I will sincerely miss all of you and all of the staff at this practice! Again, thank you all for all of the years of support. We have been through many times, good and bad, and they have all made a difference in my life. Thank you all!!

Sincerely,

Michelle Wallace, CNP
